ISO 14001:2026 Revision Update – Key Changes, Transition & Effective Implementation Training (1 day)

HRDF SBL-KHAS
Claimable

INTRODUCTION

ISO 14001:2026 introduces significant updates focusing on sustainability, climate change, environmental performance, risk management, and organizational resilience. This training provides participants with practical knowledge on the key revisions, transition requirements, and effective implementation of the revised Environmental Management System (EMS).

OBJECTIVE

Participants will be benefit by being able to:
- Understand key changes in ISO 14001:2026
- Interpret revised EMS requirements and clauses
- Identify impacts on existing EMS implementation
- Apply transition strategies and compliance requirements
- Improve environmental performance and sustainability initiatives

COURSE CONTENTS

ISO 14001:2026 Revision Update	- Key changes and transition requirements - Climate change, ESG and sustainability focus
